DONLIN IS CHAIRMAN

HOPKINS BANKER WILL HEAD VICTORY LOAN COMMITTEE

OUR QUOTA IS $1,040,750

Township Committees and Quotas Will Be Announced in a Few Days by Chairman Donlin.

Plans of Payment of Victory Bonds.

1. In full on or before May 20, 1919.
2. Ten per cent with application on or before May 10.

Ten per cent July 15.
Twenty per cent August 12.
Twenty per cent September 9.
Twenty per cent October 7.
Twenty per cent November 11.

With accrued interest on deferred installments.

Charles E. Donlin of Hopkins has accepted the chairmanship of the Victory Loan Committee and will announce in a few days township committees and also quotas for these town ships.

The quota for Nodaway county is $1,040,750, whihc is about $200,000 less than the county's quota for the Fourth liberty loan. This quota is about $35 per head for the entire population of Nodaway county.

The campaign is to start next Monday and the drive will continue until May 10.

No apology need be made by the government in asking for the Victory Loan. It is no time to attack the policy of the government in war until that war and its resultant peace are paid for. It is not within reason to criticise those who were the leaders in America's succeessful military campaign until we can face the world with a clean financial war slate.

The war is won and we have peace—what we fought for. We may have made mistakes, but we were not alone if we did. Other governments made mistakes more serious than our own. But unless you can say you could have conducted the war without making some mistakes you have not the right to hinder the Victory Liberty Loan by offering the excuse that "mistakes mere made."

Unless you could have built a bridge or boats, a fleet of transports, flocks of airplanes and made tons and tons of munitions, all of which did so much to bring the costly war to a close much sooner than expected, and could have done it better and more cheaply than did the Government, you are not consistent in allowing your criticism to find voice as an argument against your support of the Victory Liberty Loan.

When the people of Nodaway county have stood solidly behind our soldiers and our country by squaring our accounts and supporting the principles for which we fought, then only can we conscientiously haggle among ourselves about whether or not we could have carried on the war more successfully or more gracefully than did those who did lead in its conduct.

PROCLAMATION

To Make Our Own City "A Better Place to Live In"

For nearly two years America's sons have fought on foreign fields "to make the world a better place to live in," while those at home also sacrificed and gave of their comforts and necessities, for their soldiers' and for all humanity's sake.

This year, of all years, we should unite in making our own city, a "BETTER PLACE TO LIVE IN."

Not only have dirt and rubbish accumulated until they now are menaces that should compel our immediate co-operation with the Health and Fire Prevention authorities in their efforts to clean up, and to keep cleaned up—but we also, perforce, have neglected for several years, the proper care of public and private buildings and premises; repairing and repainting (affected by the war ban upon building activities, now happily removed) have been so generally neglected that the resulting and continuing damage and depreciation require immediate stoppage.

Most important of all, however, is the need for us to turn our hearts homeward, to home-making—for the home is the foundation of the Republic, the nursery of the Great World Future's manhood and womanhood, haven and inspiration of Today's workers. Only the attractive home, the home that radiates cleanliness and thrift and civic pride, measures up to this ideal of family and public service—though even the humblest homes may and do attain this wholly practical ideal of the Home Beautiful.

We need an immediate and continuous and thorough campaign that represents and enlists every interest and organization, every man, woman and child in the community, in a crusade of Cleanliness, Thrift and Civic Pride and their practical application.

All organizations and individuals endorsing this campaign are urged to act promptly and make their influence and effort count immediately, by volunteering their support and suggestions. It is especially important that we give the campaign a good start by making the opening week a big success, a big community event.

This Campaign Opens Monday, April 28th.

W. O. GARRETT, Mayor.

DECIDE DISTRICT QUESTION

Controversy Over Matter of School Boundary Before Board of Arbitration—Cooper Presides.

The question of whether or not the school districts of Elmo and Cottonwood are to be united was brought up for decision this afternoon in the County Court room. Superintendent of Schools Bert Cooper selected an arbitration committee composed of L. C. Cook, Lawrence Frazee, Prof. G. H. Colbert and Albert Watson, to decide the matter.

At the school election held April 1, a majority of the voters of Elmo voted to have the District No. 36, otherwise known as the Cottonwood district, united under District No. 38, which comprises the Elmo district. When the matter was brought to a vote in the Cottonwood district, it was defeated.

Considerable controversy resulted over the proposed change and according to law, the motion must have a two-thirds vote of the entire community before it could be enforced.

QUOTA HALF RAISED

ENCOURAGING REPORTS GIVEN AT DINNER LAST NIGHT

ROUND TABLE DISCUSSION

Expect to Complete Quota by Friday Night—Final Report to Be Made Sunday.

Encouraging reports of the progress of the centenary campaign of the First Methodist Church in this city, were given at the dinner last night at the Hotel Linville, at which the members of the various teams who are making a canvass of Maryville in the interest of the drive, told of the results which have been accomplished so far. A total of the subscriptions received in the drive show that $2,500 or practically one-half of the total quota has been raised during the first two days of the campaign.

At the meeting last night further plans for conducting the drive were brought up and a general "round table" discussion was held, in which each of the workers told of the manner in which the campaign should be conducted and offered ideas for the carrying on of the work more efficiently. It was brought out at the dinner, that although the quota has been practically half raised, only one-third of the homes of Maryville have been visited.

Rev. Gilbert Cox of the First M. E. Church explained today that it was the desire and object of the various teams conducting the drive, to complete the quota by Friday night. He said that another dinner will be held at that time and that the reports of the progress of the work will be given. The campaign closes next Sunday, and the complete report of the money raised will be given from the pulpit at that time.

The following workers comprising the seven teams which are working in the campaign, were present at the dinner last night: Dr. Gilbert Cox, S. H. Kemp, H. E. Wright, G. B. Baker Prof. Bert Cooper, L. B. Tracey, Giddeon Matter, Harry Mutz, Prof. C. C. Leeson and E. M. Houchens.

WILSON ARBITRATOR

FATE OF FORMER KAISER TO BE DECIDED BY PRESIDENT

FIUME DISPUTE SERIOUS

Rumors That Secretary Baker Is to Take Wilson's Place at Peace Conference Branded Untrue.

Pais, April 15.—The fate of the former kaiser is in the hands of President Wilson today. The President is to determine whether the ex-Emperor is to stay in Holland or shall be sent to another St. Helena. Wilson is going to have a very busy day and a very important four days in the absence of Lloyd George. He is now practically the arbitrator of the Fiume dispute. It is understood that the President is inclined to make the Fiume, the sea outlet of Jugo-Slavis. Orlando of Italy is said to hold a concilliatory attitude, but an Italian outburst is feared at home if the Fiume is lost to Italy.

Paris, April 15.—The arrival today of firmation of report for claims with reference to the Rhine defenses has been approved by the nited States to the satisfaction of the French envoys. It indicates that France, Great Britain and America are virtually in an alliance to prevent any possible German aggression across the Rhine in the future.

Paris, April 15.—A statement by President Wilson in behalf of the council of four says that the questions of peace are so near complete solution that they will be quickly and finally drafted. This announcement was contained in an official bulletin, which added that the German plenipotentiaries had been invited to meet at Versailles on April 25.

The President hopes that the questions of Italy, especially relating to the Adriatic, will be brought to a speedy agreement. The Adriatic question will be given precedence over other questions.

The settlements belonging especially to the treaty with Germany, the statement says, will thus be eliminated and at the same time other settlements will be completely formulated.

It is expected that the delegates of the other enemy powers will follow the Germans within a few days after their arrival at Versailles April 25.

One hundred billion gold marks is the amount Germany must pay the Allied and associated governments for losses and damage caused in the war, plus other billions to be determined by a special commission on which Germany is to be represented.

This is the final and definite conclusion which has been reduced to writing after week of negotiations which took a wide range and involved frequent changes and modifications The payment of the 100 billion gold marks is to be divided into three distinct amounts as follows: First, 20 billion within two years; second, 40 billion during thirty years beginning in 1921; third, 40 billion when a commission shall determine how it shall be done.

The allotment of the 100 billion marks among the Allied and associated powers has not been finally decided but a tentative arrangement makes the allotment of France about 55 per cent of the total; Great Britain's allotment between 20 and 30 per cent and the allotment of the United States between 2 and 5 per cent.

Paris, April 15.—The arival today of Secretary Baker revived the rumors of the possibility that he will replace President Wilson following the initial session of the peace conference. Secretary Baker said the rumor was unwarranted.

LEGISLATIVE LETTER

(By Means Ray)

Jefferson City, April 15.—Senator Bowker, of Nevada, has passed the income tax providing for a tax of one per cent on incomes of married men amounting to $4,000 per year and of single men who make $3,000. He has also passed the corporation franchise tax which provides for a tax of $1.00 per $1,000 of their capital stock. These two measures will provide additional revenue of about $1,250,000.

The McCullough-Morgan road bill providing for $60,000 to be apportioned to the counties of the state during the next three years has passed the House and will go through the Senate. $20,000 of this amount will be available each year and will be expended on roads to the amount of $1,200 per mile.

After several discussions behind closed doors the Senate has engrossed the bill of Senator Green aimed at the regulation of venereal diseases. An amendment adopted prohibits the marriage of afflicted persons without a certificate from a physician that a complete cure has been effected.

A non-partisan committee of the House drafted and passed a bill limiting the number of clerks of that body to 75 in addition to the regular officers.

The Senate has passed the game bill providing that persons must have license to fish in addition to hunt. All women and boys, under 18 years, are exempted from the license charge of one dollar.

MISSOURI BOYS ARE COMING

Four Units of the 35th Division to Leave France April 26—Several Missouri Boys in New York.

(From the Missouri Hospitality Committee.)

New York, April 1.—When will the boys get home? No official answer is to be had in Washington or New York but is understood that four units of the thirty-fifth division, including the 130th machine gun and the 140th infantry will sail from Bordeaux on April 26 and that other units will follow in quick order. This would put them all in New York between May 5 and 25.

If secretary Baker's wishes are carried out, the men would arrive at Fort Riley four or five days after reaching New York. Mr. Baker's new schedule is to entrain all large units from Atlantic seabord camps within 48 hours after they enter those camps.

True, smaller units are held, in eastern camps for many days to await a troop train for their sections of the middle west or west." A Missouri soldier came to the Missouri desk in the hall of states, New York City, to say that more than 100 soldiers from Missouri had been kept at Camp Merritt, New, Jersey, for twenty-five days. He wanted an effort made to get them out of camp and on a train for home, however, no troop trains were going to Missouri, so it was a case of sticking it out patiently, even if there was little going on at the camp and the Missourians as well as 120 soldiers from Kentucky, Kansas and Nebraska, were almost all penniless while awaiting back pay.

Last Sunday all the Missouri soldiers then in New York were the guests of the Ringling-Barnum & Bailey circus at Madison Square Garden.

On Saturday evening these Missourians were among 2,000 soldiers at a dance in the 71st regiment armory. Fourteen hundred girls including some of the prettiest in New York and all well chaperoned, were their partners at the dance which lasted till midnight.

Mr. and Mrs. Frank McKee of Barnard, were city visitors today.

Ordered a "Captain Wallis."

A popular ice cream parlor in Maryville is now serving a new sundae, called the Captain Wallis, after Captain Will Wallis, now with the Amer-i can forces in France. Whenever a mans popularity reaches the point of having an ice cream concoction or a cigar named for him, he has landed firm in public favoritism, and the sundae is just as likable as the Captain.

Bond to Educational Fund.

At their meeting Saturday afternoon the P. E. O. chapter voted to give a $50 liberty bond, which they purchased last fall, to the general P. E. O. educational fund. This fund is for the purpose of helping girls who need money to obtain an education. The money is loaned without interest and the beneficiaries are not limited to members of the P. E. O. The Maryville chapter makes a gift each year to the fund.

Texas Women Protest.

Whenever you hear a bunch of women excitedly exclaiming, "O, I am so disappointed," I can't understand it," "it should have been"—and so on, they are not discussing the peace terms. It is just about Kathleen Morris' story of "Sisters", a serial in Good Housekeeping. Everyone is peeved because the author broke over the rule of live-happy-ever-after endings. Some women in Houston, Texas, wrote a protest to the author and asked her to re-write the last two installments, because they could not endure the disapointment of having the heroine die a tragic death three chapters too soon.

Chicago Vicitors Leave.

Mr. and Mrs. Paul E. Gray and son, of Chicago, who have been visiting Mr. Gray's mother, Mrs. Rebecca Gray, left yesterday for Omaha, Nebr., to visit Mr. and Mrs. J. B. Swearengen for a few days after which they will return to their home.

RED CROSS NOTES

There is still some yarn we would like to have knit up into Refugee garments. There is no special time in which to finish this. Samples of the stockings and sweaters are at the Red Cross rooms for your inspection.

Our Home Nursing Class will not meet this Tuesday night, as our instructor, Mrs. W. E. Freytag is sick and will be unable to make the trip. But we will have our first meeting one week from Tuesday night at eight o'clock at the Red Cross rooms.

If you have not joined our class, call Mrs. C. V. Martin and she will enroll you at once.

Class fee is 50 cents.

Tet-books, 45 cents each. This covers fifteen lessons and is the first steps in nursing, covering elementary hygiene and home care of the sick. Mrs. Martin will give you any further information.

There are still some sewing on refugee garments at the Red Cross rooms which we would like to get finished up. We would be glad to have you come and help finish up these garments. The rooms are open every day. We have samples of the garments here.

Magazines Wanted Overseas

The boys overseas are asking for more reading matter. General Pershing has cabled the request that more magazines be sent to the Americans on duty in France and in other countries in Europe. The supply of magazines has been reduced from ten to two tons a month due to misapprehension of the public that magazines could not be sent under the one-cent postage ruling. Some magazines inadvertently dropped the line announcing that publications would be carried overseas under a one-cent stamp; but the ruling still holds.

Red Cross Chapters are urged to stimulate renewed interest in the sending of magazines abroad.

British Red Cross ambulance service has been in operation in the mining section in Wales for twenty years. Citizens there are trained to give first aid to the injured.

General O'Ryan's Red Cross Tribute

The American Red Cross unit attached to the Twenty-seventh Division of the United States Army in France, was given a special place in the parade of that famous organization in New York City last Tuesday. In a letter to Captain Bobo, head of the unit—a Croix de Guerre man—General O'Ryan made formal announcement of this honor, saying:

"During our operations in France, the Red Cross unit attached to the Twenty-seventh Division did much to add to the comfort of the men, but the real test of its efficiency came when the Red Cross, often under heavy fire, rendered great assistance, both in the care and the transportation of the wounded, and saved many lives.

"I have always regarded your unit as a part of the Twenty-seventh Division and have, accordingly, designated a place for it in the parade, which is to be held in New York on March 25th."

Forty reconstruction hospitals are doing work in turning disabled American fighting men into properly trained and equipped civilians. American Red Cross is doing its part by providing the soldiers with wholesome entertainment and diversion during the rehabilitation process.

American Magic.

Parisians are rubbing their eyes to make sure that the big hotel recently built by the Salvage Section of the Red Cross for visiting American doughboys is an honest and truly reality. Although it can house 1,200 and feed 1,600 enlisted men only eight days were required to plant it on the Champ de Mars. This speed stunned the natives. They are shrugging their shoulders out of place in an effort to understand it. Many of them now refer to the Americans as magicians. A California man, Captain C. Ross Corbin, was in charge of the job.

Red Cross is Far Flung.

The resources of the American Red Cross have been heavily taxed since the signing of the armistice, to carry on relief work that was not seen in all its magnitude when the war came to an end. The Old World needs the aid that has been made possible by the American spirit—it must have the sympathy and support of the whole New World, which was saved from its own fate, until the equilibrium of things has been re-established. American Red Cross missions are located now in every country where the enemy has brought misery and the work which they have to perform is looming larger and larger as the situations are brought under closer survey. The work must continue until the need no longer exists.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet — colds of the chest (it often prevents pneumonia). It is always dependable.

RECEIVES FINE GIFT FROM PARIS

Mrs. Carl Wiles Handsomely Remembered by Soldier Brother.

Mrs. Carl Wiles today received a gift from her brother-in-law, Charles Wiles, with the American forces in France, with which she is greatly delighted. The package came this morning and contained a handsome beaded bag and two fine strands of beads which young Wiles purchased at the LaFayette Galleries in Paris. The gifts, particularly the bag is of exquisite workmanship and very valauble aside from the personal sentiment. Mrs. Wiles paid $5 custom duty on the package to obtain its receipt in this country.

Young Wiles is with the headquarters company of the advanced sector corps and was on a four days furlough in Paris when he purchased the gifts. The LaFayette Galleries is the finest jewelry and novelty shops in the world and visited by all who have the opportunity.

A House
===or===
A Home?

Electric Service may mean all the difference in the world between a house and—a home. Anything with a roof may be a "house"—but a **home** is a place in which to **live** and **enjoy** life!

HAVE AN ELECTRICAL HOME

Few people today care to even consider a house that is not wired for electricity. And it's a further significant fact that almost without exception **every newly built house** today is wired for Electric Service.

You who are about to move—or to build—make certain that **your home** will have "everything electrical"—ample lights, modern fixtures, and have an abundance of Convenience Outlets for handy fuel, food, time and labor-saving appliances.

The electrical work on a new house is only 3 per cent of the total building expense. Yes—and old houses can be wired **quickly** and at small cost. We will show you how without obligation to you.
Just telephone us,—or, if you're down this way—drop in.

DONLIN IS CHAIRMAN

HOPKINS BANKER WILL HEAD VICTORY LOAN COMMITTEE

OUR QUOTA IS $1,040,750

Township Committees and Quotas Will Be Announced in a Few Days by Chairman Donlin.

Plans of Payment of Victory Bonds.

1. In full on or before May 20, 1919.
2. Ten per cent with application on or before May 10.

Ten per cent July 15.
Twenty per cent August 12.
Twenty per cent September 9.
Twenty per cent October 7.
Twenty per cent November 11.

With accrued interest on deferred installments.

Charles E. Donlin of Hopkins has accepted the chairmanship of the Victory Loan Committee and will announce in a few days township committees and also quotas for these town ships.

The quota for Nodaway county is $1,040,750, whihc is about $200,000 less than the county's quota for the Fourth liberty loan. This quota is about $35 per head for the entire population of Nodaway county.

The campaign is to start next Monday and the drive will continue until May 10.

No apology need be made by the government in asking for the Victory Loan. It is no time to attack the policy of the government in war until that war and its resultant peace are paid for. It is not within reason to criticise those who were the leaders in America's successful military campaign until we can face the world with a clean financial war slate.

The war is won and we have peace—what we fought for. We may have made mistakes, but we were not alone if we did. Other governments made mistakes more serious than our own. But unless you can say you could have conducted the war without making some mistakes you have not the right to hinder the Victory Liberty Loan by offering the excuse that "mistakes mere made."

Unless you could have built a bridge or boats, a fleet of transports, flocks of airplanes and made tons and tons of munitions, all of which did so much to bring the costly war to a close much sooner than expected, and could have done it better and more cheaply than did the Government, you are not consistent in allowing your criticism to find voice as an argument against your support of the Victory Liberty Loan.

When the people of Nodaway county have stood solidly behind our soldiers and our country by squaring our accounts and supporting the principles for which we fought, then only can we conscientiously haggle among ourselves about whether or not we could have carried on the war more successfully or more gracefully than did those who did lead in its conduct.

PROCLAMATION

To Make Our Own City "A Better Place to Live In"

For nearly two years America's sons have fought on foreign fields "to make the world a better place to live in," while those at home also sacrificed and gave of their comforts and necessities, for their soldiers' and for all humanity's sake.

This year, of all years, we should unite in making our own city, a "BETTER PLACE TO LIVE IN."

Not only have dirt and rubbish accumulated until they now are menaces that should compel our immediate co-operation with the Health and Fire Prevention authorities in their efforts to clean up, and to keep cleaned up—but we also, perforce, have neglected for several years, the proper care of public and private buildings and premises; repairing and repainting (affected by the war ban upon building activities, now happily removed) have been so generally neglected that the resulting and continuing damage and depreciation require immediate stoppage.

Most important of all, however, is the need for us to turn our hearts homeward, to home-making—for the home is the foundation of the Republic, the nursery of the Great World Future's manhood and womanhood, haven and inspiration of Today's workers. Only the attractive home, the home that radiates cleanliness and thrift and civic pride, measures up to this ideal of family and public service—though even the humblest homes may and do attain this wholly practical ideal of the Home Beautiful.

We need an immediate and continuous and thorough campaign that represents and enlists every interest and organization, every man, woman and child in the community, in a crusade of Cleanliness, Thrift and Civic Pride and their practical application.

All organizations and individuals endorsing this campaign are urged to act promptly and make their influence and effort count immediately, by volunteering their support and suggestions. It is especially important that we give the campaign a good start by making the opening week a big success, a big community event.

This Campaign Opens Monday, April 28th.

W. O. GARRETT, Mayor.

DECIDE DISTRICT QUESTION

Controversy Over Matter of School Boundary Before Board of Arbitration—Cooper Presides.

The question of whether or not the school districts of Elmo and Cottonwood are to be united was brought up for decision this afternoon in the County Court room. Superintendent of Schools Bert Cooper selected an arbitration committee composed of L. C. Cook, Lawrence Frazee, Prof. G. H. Colbert and Albert Watson, to decide the matter.

At the school election held April 1, a majority of the voters of Elmo voted to have the District No. 36, otherwise known as the Cottonwood district, united under District No. 38, which comprises the Elmo district. When the matter was brought to a vote in the Cottonwood district, it was defeated.

Considerable controversy resulted over the proposed change and according to law, the motion must have a two-thirds vote of the entire community before it could be enforced.

QUOTA HALF RAISED

ENCOURAGING REPORTS GIVEN AT DINNER LAST NIGHT

ROUND TABLE DISCUSSION

Expect to Complete Quota by Friday Night—Final Report to Be Made Sunday.

Encouraging reports of the progress of the centenary campaign of the First Methodist Church in this city, were given at the dinner last night at the Hotel Linville, at which the members of the various teams who are making a canvass of Maryville in the interest of the drive, told of the results which have been accomplished so far. A total of the subscriptions received in the drive show that $2,500 or practically one-half of the total quota has been raised during the first two days of the campaign.

At the meeting last night further plans for conducting the drive were brought up and a general "round table" discussion was held, in which each of the workers told of the manner in which the campaign should be conducted and offered ideas for the carrying on of the work more efficiently. It was brought out at the dinner, that although the quota has been practically half raised, only one-third of the homes of Maryville have been visited.

Rev. Gilbert Cox of the First M. E. Church explained today that it was the desire and object of the various teams conducting the drive, to complete the quota by Friday night. He said that another dinner will be held at that time and that the reports of the progress of the work will be given. The campaign closes next Sunday, and the complete report of the money raised will be given from the pulpit at that time.

The following workers comprising the seven teams which are working in the campaign, were present at the dinner last night: Dr. Gilbert Cox, S. H. Kemp, H. E. Wright, G. B. Baker Prof. Bert Cooper, L. B. Tracey, Giddeon Matter, Harry Mutz, Prof. C. C. Leeson and E. M. Houchens.

WILSON ARBITRATOR

FATE OF FORMER KAISER TO BE DECIDED BY PRESIDENT

FIUME DISPUTE SERIOUS

Rumors That Secretary Baker Is to Take Wilson's Place at Peace Conference Branded Untrue.

Pais, April 15.—The fate of the former kaiser is in the hands of President Wilson today. The President is to determine whether the ex-Emperor is to stay in Holland or shall be sent to another St. Helena. Wilson is going to have a very busy day and a very important four days in the absence of Lloyd George. He is now practically the arbitrator of the Fiume dispute. It is understood that the President is inclined to make the Fiume, the sea outlet of Jugo-Slavis. Orlando of Italy is said to hold a conciliatory attitude, but an Italian outburst is feared at home if the Fiume is lost to Italy.

Paris, April 15.—The arrival today of firmation of report for claims with reference to the Rhine defenses has been approved by the nited States to the satisfaction of the French envoys. It indicates that France, Great Britain and America are virtually in an alliance to prevent any possible German aggression across the Rhine in the future.

Paris, April 15.—A statement by President Wilson in behalf of the council of four says that the questions of peace are so near complete solution that they will be quickly and finally drafted. This announcement was contained in an official bulletin, which added that the German plenipotentiaries had been invited to meet at Versailles on April 25.

The President hopes that the questions of Italy, especially relating to the Adriatic, will be brought to a speedy agreement. The Adriatic question will be given precedence over other questions.

The settlements belonging especially to the treaty with Germany, the statement says, will thus be eliminated and at the same time other settlements will be completely formulated.

It is expected that the delegates of the other enemy powers will follow the Germans within a few days after their arrival at Versailles April 25.

One hundred billion gold marks is the amount Germany must pay the Allied and associated governments for losses and damage caused in the war, plus other billions to be determined by a special commission on which Germany is to be represented.

This is the final and definite conclusion which has been reduced to writing after week of negotiations which took a wide range and involved frequent changes and modifications The payment of the 100 billion gold marks is to be divided into three distinct amounts as follows: First, 20 billion within two years; second, 40 billion during thirty years beginning in 1921; third, 40 billion when a commission shall determine how it shall be done.

The allotment of the 100 billion marks among the Allied and associated powers has not been finally decided but a tentative arrangement makes the allotment of France about 55 per cent of the total; Great Britain's allotment between 20 and 30 per cent and the allotment of the United States between 2 and 5 per cent.

Paris, April 15.—The arival today of Secretary Baker revived the rumors of the possibility that he will replace President Wilson following the initial session of the peace conference. Secretary Baker said the rumor was unwarranted.

LEGISLATIVE LETTER

(By Means Ray)

Jefferson City, April 15.—Senator Bowker, of Nevada, has passed the income tax providing for a tax of one per cent on incomes of married men amounting to $4,000 per year and of single men who make $3,000. He has also passed the corporation franchise tax which provides for a tax of $1.00 per $1,000 of their capital stock. These two measures will provide additional revenue of about $1,250,000.

The McCullough-Morgan road bill providing for $60,000 to be apportioned to the counties of the state during the next three years has passed the House and will go through the Senate. $20,000 of this amount will be available each year and will be expended on roads to the amount of $1,200 per mile.

After several discussions behind closed doors the Senate has engrossed the bill of Senator Green aimed at the regulation of venereal diseases. An amendment adopted prohibits the marriage of afflicted persons without a certificate from a physician that a complete cure has been effected.

A non-partisan committee of the House drafted and passed a bill limiting the number of clerks of that body to 75 in addition to the regular officers.

The Senate has passed the game bill providing that persons must have license to fish in addition to hunt. All women and boys, under 18 years, are exempted from the license charge of one dollar.

MISSOURI BOYS ARE COMING

Four Units of the 35th Division to Leave France April 26—Several Missouri Boys in New York.

(From the Missouri Hospitality Committee.)

New York, April 1.—When will the boys get home? No official answer is to be had in Washington or New York but is understood that four units of the thirty-fifth division, including the 130th machine gun and the 140th infantry will sail from Bordeaux on April 26 and that other units will follow in quick order. This would put them all in New York between May 5 and 25.

If secretary Baker's wishes are carried out, the men would arrive at Fort Riley four or five days after reaching New York. Mr. Baker's new schedule is to entrain all large units from Atlantic seabord camps within 48 hours after they enter those camps.

True, smaller units are held, in eastern camps for many days to await a troop train for their sections of the middle west or west. A Missouri soldier came to the Missouri desk in the hall of states, New York City, to say that more than 100 soldiers from Missouri had been kept at Camp Merritt, New, Jersey, for twenty-five days. He wanted an effort made to get them out of camp and on a train for home, however, no troop trains were going to Missouri, so it was a case of sticking it out patiently, even if there was little going on at the camp and the Missourians as well as 120 soldiers from Kentucky, Kansas and Nebraska, were almost all penniless while awaiting back pay.

Last Sunday all the Missouri soldiers then in New York were the guests of the Ringling-Barnum & Bailey circus at Madison Square Garden.

On Saturday evening these Missourians were among 2,000 soldiers at a dance in the 71st regiment armory. Fourteen hundred girls including some of the prettiest in New York and all well chaperoned, were their partners at the dance which lasted till midnight.

Mr. and Mrs. Frank McKee of Barnard, were city visitors today.

Ordered a "Captain Wallis."

A popular ice cream parlor in Maryville is now serving a new sundae, called the Captain Wallis, after Captain Will Wallis, now with the Amer-i can forces in France. Whenever a mans popularity reaches the point of having an ice cream concoction or a cigar named for him, he has landed firm in public favoritism, and the sundae is just as likable as the Captain.

Bond to Educational Fund.

At their meeting Saturday afternoon the P. E. O. chapter voted to give a $50 liberty bond, which they purchased last fall, to the general P. E. O. educational fund. This fund is for the purpose of helping girls who need money to obtain an education. The money is loaned without interest and the beneficiaries are not limited to members of the P. E. O. The Maryville chapter makes a gift each year to the fund.

Texas Women Protest.

Whenever you hear a bunch of women excitedly exclaiming, "O, I am so disappointed," I can't understand it," "it should have been"—and so on, they are not discussing the peace terms. It is just about Kathleen Morris' story of "Sisters", a serial in Good Housekeeping. Everyone is peeved because the author broke over the rule of live-happy-ever-after endings. Some women in Houston, Texas, wrote a protest to the author and asked her to re-write the last two installments, because they could not endure the disapointment of having the heroine die a tragic death three chapters too soon.

Chicago Vicitors Leave.

Mr. and Mrs. Paul E. Gray and son, of Chicago, who have been visiting Mr. Gray's mother, Mrs. Rebecca Gray, left yesterday for Omaha, Nebr., to visit Mr. and Mrs. J. B. Swearengen for a few days after which they will return to their home.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet — colds of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size $2.50.

RED CROSS NOTES

There is still some yarn we would like to have knit up into Refugee garments. There is no special time in which to finish this. Samples of the stockings and sweaters are at the Red Cross rooms for your inspection.

Our Home Nursing Class will not meet this Tuesday night, as our instructor, Mrs. W. E. Freytag is sick and will be unable to make the trip. But we will have our first meeting one week from Tuesday night at eight o'clock at the Red Cross rooms.

If you have not joined our class, call Mrs. C. V. Martin and she will enroll you at once.

Class fee is 50 cents.

Tet-books, 45 cents each. This covers fifteen lessons and is the first steps in nursing, covering elementary hygiene and home care of the sick. Mrs. Martin will give you any further information.

There are still some sewing on refugee garments at the Red Cross rooms which we would like to get finished up. We would be glad to have you come and help finish up these garments. The rooms are open every day. We have samples of the garments here.

Magazines Wanted Overseas

The boys overseas are asking for more reading matter. General Pershing has cabled the request that more magazines be sent to the Americans on duty in France and in other countries in Europe. The supply of magazines has been reduced from ten to two tons a month due to misapprehension of the public that magazines could not be sent under the one-cent postage ruling. Some magazines inadvertently dropped the line announcing that publications would be carried overseas under a one-cent stamp; but the ruling still holds.

Red Cross Chapters are urged to stimulate renewed interest in the sending of magazines abroad.

British Red Cross ambulance service has been in operation in the mining section in Wales for twenty years. Citizens there are trained to give first aid to the injured.

General O'Ryan's Red Cross Tribute

The American Red Cross unit attached to the Twenty-seventh Division of the United States Army in France, was given a special place in the parade of that famous organization in New York City last Tuesday. In a letter to Captain Bobo, head of the unit—a Croix de Guerre man—General O'Ryan made formal announcement of this honor, saying:

"During our operations in France, the Red Cross unit attached to the Twenty-seventh Division did much to add to the comfort of the men, but the real test of its efficiency came when the Red Cross, often under heavy fire, rendered great assistance, both in the care and the transportation of the wounded, and saved many lives.

"I have always regarded your unit as a part of the Twenty-seventh Division and have, accordingly, designated a place for it in the parade, which is to be held in New York on March 25th."

Forty reconstruction hospitals are doing work in turning disabled American fighting men into properly trained and equipped civilians. American Red Cross is doing its part by providing the soldiers with wholesome entertainment and diversion during the rehabilitation process.

American Magic.

Parisians are rubbing their eyes to make sure that the big hotel recently built by the Salvage Section of the Red Cross for visiting American doughboys is an honest and truly reality. Although it can house 1,200 and feed 1,600 enlisted men only eight days were required to plant it on the Champ de Mars. This speed stunned the natives. They are shrugging their shoulders out of place in an effort to understand it. Many of them now refer to the Americans as magicians. A California man, Captain C. Ross Corbin, was in charge of the job.

Red Cross is Far Flung.

The resources of the American Red Cross have been heavily taxed since the signing of the armistice, to carry on relief work that was not seen in all its magnitude when the war came to an end. The Old World needs the aid that has been made possible by the American spirit—it must have the sympathy and support of the whole New World, which was saved from its own fate, until the equilibrium of things has been re-established. American Red Cross missions are located now in every country where the enemy has brought misery and the work which they have to perform is looming larger and larger as the situations are brought under closer survey. The work must continue until the need no longer exists.

RECEIVES FINE GIFT FROM PARIS

Mrs. Carl Wiles Handsomely Remembered by Soldier Brother.

Mrs. Carl Wiles today received a gift from her brother-in-law, Charles Wiles, with the American forces in France, with which she is greatly delighted. The package came this morning and contained a handsome beaded bag and two fine strands of beads which young Wiles purchased at the LaFayette Galleries in Paris. The gifts, particularly the bag is of exquisite workmanship and very valauble aside from the personal sentiment. Mrs. Wiles paid $5 custom duty on the package to obtain its receipt in this country.

Young Wiles is with the headquarters company of the advanced sector corps and was on a four days furlough in Paris when he purchased the gifts. The LaFayette Galleries is the finest jewelry and novelty shops in the world and visited by all who have the opportunity.

A House ===or=== A Home?

Electric Service may mean all the difference in the world between a house and—a home. Anything with a roof may be a "house"—but a **home** is a place in which to **live** and **enjoy** life!

HAVE AN ELECTRICAL HOME

Few people today care to even consider a house that is not wired for electricity. And it's a further significant fact that almost without exception **every newly built house** today is wired for Electric Service.

You who are about to move—or to build—make certain that **your home** will have "everything electrical"—ample lights, modern fixtures, and have an abundance of Convenience Outlets for handy fuel, food, time and labor-saving appliances.

The electrical work on a new house is only 3 per cent of the total building expense. Yes—and old houses can be wired **quickly** and at small cost. We will show you how without obligation to you.
Just telephone us,—or, if you're down this way—drop in.
